ES. EXECUTIVE SUMMARY.....	ES-1
ES.1 Introduction	ES-1
ES.2 Description of the Greater Sage-Grouse Planning Area.....	ES-3
ES.2.1 Land Uses	ES-6
ES.3 Purpose and Need.....	ES-6
ES.4 Proposed Action	ES-7
ES.5 Scoping	ES-7
ES.6 Issues.....	ES-8
ES.7 Development of Planning Criteria	ES-10
ES.8 Management Alternatives	ES-12
ES.8.1 Alternative A: No Action.....	ES-14
ES.8.2 Alternative B.....	ES-14
ES.8.3 Alternative C	ES-15
ES.8.4 Alternative D	ES-15
ES.8.5 Alternative E	ES-17
ES.8.6 Alternative F.....	ES-21
ES.9 Environmental Consequences	ES-21
I. INTRODUCTION	I-1
I.1 Introduction	I-1
I.1.1 National Greater Sage-Grouse Planning Strategy.....	I-1
I.1.2 Great Basin Region.....	I-3
I.1.3 Oregon Sub-Region.....	I-4
I.2 Purpose and Need.....	I-6
I.3 Description of the Greater Sage-Grouse Planning Area.....	I-7
I.3.1 Overview	I-7
I.3.2 Land Uses	I-11
I.4 Planning Processes.....	I-11
I.4.1 BLM Planning Process	I-11
I.4.2 Eco-regional Context and Landscape Planning Approach.....	I-15
I.5 Scoping and Identification of Issues For Development of the Proposed Plan and Draft Alternatives	I-16
I.5.1 The Scoping Process	I-16
I.5.2 Issues identified for consideration in the Oregon Sub-Region Greater Sage-Grouse RMP Amendments.....	I-17
I.5.3 Issues to be Addressed Through Policy or Administrative Action and Not Addressed in the LUP Amendments.....	I-18
I.5.4 Issues Not Addressed in the LUP Amendments.....	I-18
I.6 Development of Planning Criteria	I-20
I.7 Relationship to Other Policies, Plans, and Programs	I-22
I.7.1 Programmatic National-Level EIS Documents.....	I-22
I.7.2 State Plans.....	I-23
I.7.3 County Land Use Plans	I-23
I.7.4 Memorandums of Understanding	I-24
I.7.5 Activity Plans and Amendments.....	I-24
I.7.6 Habitat Management Plans (HMP)	I-24

1.7.7	Vegetation Management Policies.....	I-25
1.7.8	BLM Direction.....	I-25
1.7.9	Conservation Objectives Team Report.....	I-26
1.7.10	Baseline Environmental Report.....	I-26
2.	PROPOSED ACTION AND ALTERNATIVES.....	2-1
2.1	Introduction	2-1
2.1.1	Oregon Sub-Region.....	2-2
2.2	Introduction to Alternatives	2-3
2.2.1	Purpose of Alternatives Development	2-3
2.2.2	Components of Alternatives.....	2-3
2.3	Alternatives Development Process	2-4
2.3.1	Develop a Reasonable Range of Alternatives	2-4
2.4	Resulting Range of Alternatives.....	2-5
2.5	Description of Alternatives	2-12
2.5.1	Management Common to All Alternatives.....	2-12
2.5.2	Management Common to the Action Alternatives	2-13
2.5.3	Alternative A: No Action.....	2-14
2.5.4	Alternative B	2-16
2.5.5	Alternative C	2-16
2.5.6	Alternative D	2-17
2.5.7	Description of Alternative E	2-24
2.5.8	Alternative F.....	2-29
2.6	Alternatives Considered but Eliminated from Detailed Analysis.....	2-30
2.6.1	USFWS-Listing Alternative	2-30
2.6.2	Elimination of Livestock Grazing from BLM Lands Alternative	2-30
2.6.3	Increased Livestock Grazing Alternative.....	2-31
2.6.4	Close All or Portions of Preliminary Priority or Preliminary General Management Areas to OHV Use Alternative	2-32
2.7	Adaptive Management	2-33
2.7.1	Adaptive Management and Monitoring.....	2-33
2.7.2	Adaptive Management Plan.....	2-34
2.8	Greater Sage-Grouse Monitoring Framework	2-35
2.9	Comparison of Alternatives	2-37
2.9.1	How to Read Tables 2-4 and 2-6.....	2-38
2.10	Summary Environmental Consequences	2-109
2.11	Comparison of Alternatives Alleviation of USFWS-Identified Threats	2-137
2.13	Considerations for Selecting a Preferred Alternative.....	2-144
3.	AFFECTED ENVIRONMENT	3-1
3.1	Introduction	3-1
3.1.1	Organization of Chapter 3	3-1
3.2	Greater Sage-Grouse and Sage-Grouse Habitat.....	3-3
3.2.1	Existing Conditions.....	3-3
3.2.2	Trends	3-16
3.3	Vegetation.....	3-18
3.3.1	Existing Conditions.....	3-19
3.3.2	Trends	3-37
3.4	Fish and Wildlife.....	3-41
3.4.1	Existing Conditions.....	3-45

3.5	3.4.2 Trends	3-58
	Wild Horse and Burros.....	3-64
	3.5.1 Existing Conditions.....	3-64
	3.5.2 Trends	3-68
3.6	Wildland Fire Management.....	3-68
	3.6.1 Existing Conditions.....	3-69
	3.6.2 Trends	3-76
3.7	Livestock Grazing / Range Management.....	3-77
	3.7.1 Existing Conditions.....	3-77
	3.7.2 Trends	3-81
3.8	Recreation	3-81
	3.8.1 Existing Conditions.....	3-82
	3.8.2 Trends	3-84
3.9	Travel Management.....	3-85
	3.9.1 Existing Conditions.....	3-86
	3.9.2 Trends	3-89
3.10	Lands and Realty	3-90
	3.10.1 Conditions of the Planning Area.....	3-92
	3.10.2 Conditions on BLM-Administered Lands.....	3-93
	3.10.3 Trends	3-100
3.11	Fluid Leasable Minerals	3-100
	3.11.1 Existing Conditions.....	3-101
	3.11.2 Trends	3-107
3.12	Locatable Minerals.....	3-108
	3.12.1 Existing Conditions.....	3-108
	3.12.2 Trends	3-111
3.13	Mineral Materials.....	3-112
	3.13.1 Existing Conditions.....	3-112
	3.13.2 Trends	3-113
3.14	Nonenergy Leasable Minerals.....	3-114
	3.14.1 Existing Conditions.....	3-114
	3.14.2 Trends	3-115
3.15	Special Designations.....	3-115
	3.15.1 Wilderness Areas	3-116
	3.15.2 Wilderness Study Areas.....	3-119
	3.15.3 Cooperative Management and Protection Areas.....	3-121
	3.15.4 National Trails	3-122
	3.15.5 Areas of Critical Environmental Concern	3-122
	3.15.6 Wild and Scenic Rivers.....	3-126
3.16	Soil Resources	3-128
	3.16.1 Existing Conditions.....	3-129
	3.16.2 Trends	3-132
3.17	Water Resources.....	3-133
	3.17.1 Existing Conditions.....	3-134
	3.17.2 Trends	3-139
3.18	Lands with Wilderness Characteristics	3-141
	3.18.1 Existing Conditions.....	3-141
	3.18.2 Trends	3-142
3.19	Climate Change.....	3-142
	3.19.1 Existing Conditions.....	3-143

3.19.2 Trends	3-144
3.20 Social and Economic Conditions (Including Environmental Justice)	3-146
3.20.1 Existing Conditions and Trends	3-148
3.21 Cultural Resources and Tribal Interests	3-175
3.21.1 Existing Conditions.....	3-176
3.21.2 Trends	3-180
4. ENVIRONMENTAL CONSEQUENCES.....	4-1
4.1 Introduction	4-1
4.1.1 Analytical Assumptions.....	4-3
4.1.2 General Method for Analyzing Impacts	4-5
4.1.3 Incomplete or Unavailable Information	4-6
4.2 Greater Sage-Grouse and Sage Grouse Habitat	4-6
4.2.1 Methods and Assumptions	4-6
4.2.2 Nature and Type of Effects	4-9
4.2.3 Impacts Common to All Alternatives	4-20
4.2.4 Alternative A.....	4-20
4.2.5 Alternative B	4-32
4.2.6 Alternative C	4-40
4.2.7 Alternative D	4-47
4.2.8 Alternative E	4-53
4.2.9 Alternative F.....	4-60
4.2.10 Summary	4-63
4.3 Vegetation.....	4-68
4.3.1 Methods and Assumptions	4-68
4.3.2 Nature and Type of Effects	4-69
4.3.3 Impacts Common to All Alternatives	4-76
4.3.4 Alternative A.....	4-77
4.3.5 Alternative B	4-84
4.3.6 Alternative C	4-88
4.3.7 Alternative D	4-90
4.3.8 Alternative E	4-93
4.3.9 Alternative F.....	4-95
4.4 Fish and Wildlife.....	4-97
4.4.1 Methods and Assumptions	4-97
4.4.2 Nature and Type of Effects	4-98
4.4.3 Impacts Common to All Alternatives	4-101
4.4.4 Alternative A.....	4-101
4.4.5 Alternative B	4-104
4.4.6 Alternative C	4-106
4.4.7 Alternative D	4-108
4.4.8 Alternative E	4-110
4.4.9 Alternative F.....	4-113
4.5 Wild Horses and Burros.....	4-115
4.5.1 Methods and Assumptions	4-115
4.5.2 Nature and Type of Effects	4-116
4.5.3 Impacts Common to All Alternatives	4-117
4.5.4 Alternative A.....	4-118
4.5.5 Alternative B	4-119
4.5.6 Alternative C	4-120

4.5.7	Alternative D	4-121
4.5.8	Alternative E	4-123
4.5.9	Alternative F.....	4-124
4.6	Wildland Fire Management.....	4-126
4.6.1	Methods and Assumptions	4-126
4.6.2	Nature and Type of Effects	4-127
4.6.3	Impacts Common to All Alternatives.....	4-130
4.6.4	Alternative A.....	4-131
4.6.5	Alternative B.....	4-133
4.6.6	Alternative C	4-135
4.6.7	Alternative D	4-137
4.6.8	Alternative E	4-139
4.6.9	Alternative F.....	4-140
4.7	Livestock Grazing/Range Management.....	4-141
4.7.1	Methods and Assumptions	4-141
4.7.2	Nature and Type of Effects	4-142
4.7.3	Impacts Common to All Alternatives.....	4-147
4.7.4	Alternative A.....	4-148
4.7.5	Alternative B.....	4-151
4.7.6	Alternative C	4-155
4.7.7	Alternative D	4-157
4.7.8	Alternative E	4-160
4.7.9	Alternative F.....	4-162
4.8	Recreation	4-164
4.8.1	Methods and Assumptions	4-164
4.8.2	Nature and Type of Effects	4-164
4.8.3	Impacts Common to All Alternatives.....	4-165
4.8.4	Alternative A.....	4-166
4.8.5	Alternative B.....	4-166
4.8.6	Alternative C	4-166
4.8.7	Alternative D	4-166
4.8.8	Alternative E	4-167
4.8.9	Alternative F.....	4-167
4.9	Travel Management.....	4-167
4.9.1	Methods and Assumptions	4-167
4.9.2	Nature and Type of Effects	4-168
4.9.3	Impacts Common to All Alternatives.....	4-169
4.9.4	Alternative A.....	4-170
4.9.5	Alternative B.....	4-170
4.9.6	Alternative C	4-170
4.9.7	Alternative D	4-170
4.9.8	Alternative E	4-171
4.9.9	Alternative F.....	4-171
4.10	Lands and Realty	4-171
4.10.1	Methods and Assumptions	4-171
4.10.2	Nature and Type of Effects	4-173
4.10.3	Impacts Common to All Alternatives.....	4-175
4.10.4	Alternative A.....	4-175
4.10.5	Alternative B.....	4-176
4.10.6	Alternative C	4-178

4.10.7	Alternative D	4-180
4.10.8	Alternative E	4-181
4.10.9	Alternative F.....	4-182
4.11	Fluid Leasable Minerals.....	4-184
4.11.1	Methods and Assumptions	4-184
4.11.2	Nature and Type of Effects	4-185
4.11.3	Impacts Common to All Alternatives.....	4-189
4.11.4	Alternative A.....	4-189
4.11.5	Alternative B.....	4-190
4.11.6	Alternative C	4-192
4.11.7	Alternative D	4-194
4.11.8	Alternative E	4-196
4.11.9	Alternative F.....	4-197
4.12	Locatable Minerals.....	4-198
4.12.1	Methods and Assumptions	4-198
4.12.2	Nature and Type of Effects	4-199
4.12.3	Impacts Common to All Alternatives.....	4-201
4.12.4	Alternative A.....	4-202
4.12.5	Alternative B.....	4-203
4.12.6	Alternative C	4-204
4.12.7	Alternative D	4-204
4.12.8	Alternative E	4-205
4.12.9	Alternative F.....	4-206
4.13	Mineral Materials (Salable Minerals).....	4-206
4.13.1	Methods and Assumptions	4-206
4.13.2	Nature and Type of Effects	4-207
4.13.3	Alternative A.....	4-208
4.13.4	Alternative B.....	4-209
4.13.5	Alternative C	4-210
4.13.6	Alternative D	4-210
4.13.7	Alternative E	4-211
4.13.8	Alternative F.....	4-211
4.14	Nonenergy Leasable Minerals.....	4-211
4.14.1	Methods and Assumptions	4-211
4.14.2	Nature and Type of Effects	4-212
4.14.3	Alternative A.....	4-214
4.14.4	Alternative B.....	4-214
4.14.5	Alternative C	4-215
4.14.6	Alternative D	4-215
4.14.7	Alternative E	4-216
4.14.8	Alternative F.....	4-216
4.15	Special Designations.....	4-217
4.15.1	Methods and Assumptions	4-217
4.15.2	Nature and Type of Effects	4-221
4.15.3	Impacts Common to All Alternatives.....	4-224
4.15.4	Alternative A.....	4-225
4.15.5	Alternative B.....	4-225
4.15.6	Alternative C	4-226
4.15.7	Alternative D	4-226
4.15.8	Alternative E	4-227

4.16	4.15.9 Alternative F.....	4-227
	Soil Resources	4-227
	4.16.1 Methods and Assumptions	4-227
	4.16.2 Nature and Type of Effects	4-228
	4.16.3 Impacts Common to All Alternatives	4-230
	4.16.4 Alternative A.....	4-232
	4.16.5 Alternative B.....	4-234
	4.16.6 Alternative C	4-236
	4.16.7 Alternative D	4-238
	4.16.8 Alternative E	4-240
	4.16.9 Alternative F.....	4-241
4.17	Water Resources.....	4-243
	4.17.1 Methods and Assumptions	4-243
	4.17.2 Nature and Type of Effects	4-244
	4.17.3 Impacts Common to All Alternatives	4-247
	4.17.4 Alternative A.....	4-249
	4.17.5 Alternative B.....	4-250
	4.17.6 Alternative C	4-251
	4.17.7 Alternative D	4-253
	4.17.8 Alternative E	4-254
	4.17.9 Alternative F.....	4-255
4.18	Lands with Wilderness Characteristics	4-256
	4.18.1 Methods and Assumptions	4-256
	4.18.2 Nature and Type of Effects	4-256
	4.18.3 Impacts Common to All Alternatives	4-259
	4.18.4 Alternative A.....	4-259
	4.18.5 Alternative B.....	4-260
	4.18.6 Alternative C	4-260
	4.18.7 Alternative D	4-261
	4.18.8 Alternative E	4-261
	4.18.9 Alternative F.....	4-262
4.19	Social and Economic Impacts (Including Environmental Justice)	4-263
	4.19.1 Methods and Assumptions	4-263
	4.19.2 Nature and Types of Effects.....	4-264
	4.19.3 Economic Impacts.....	4-264
	4.19.4 Social Impacts	4-277
	4.19.5 Environmental Justice Impacts	4-279
4.20	Unavoidable Adverse Impacts.....	4-281
4.21	Irreversible and Irrecoverable Commitment of Resources	4-282
4.22	Relationship Between Local Short-term Uses and Long-term Productivity.....	4-283
5.	CUMULATIVE IMPACTS	5-1
5.1	Cumulative Impacts	5-1
	5.1.1 Cumulative Analysis Methodology.....	5-1
	5.1.2 Past, Present, and Reasonably Foreseeable Future Actions	5-3
	5.1.3 Greater Sage-Grouse and Sage-Grouse Habitat.....	5-16
	5.1.5 Fish and Wildlife.....	5-34
	5.1.7 Wildland Fire Management.....	5-36
	5.1.16 Special Designations.....	5-54
	5.1.17 Soil Resources	5-55

5.1.20 Social and Economic Conditions (Including Environmental Justice)	5-66
6. CONSULTATION AND COORDINATION	6-1
6.1 Introduction	6-1
6.2 Collaboration.....	6-1
6.2.1 Native American Tribal Consultation.....	6-2
6.2.2 Oregon State Historic Preservation Officer Consultation.....	6-2
6.2.3 US Fish and Wildlife Service Consultation	6-2
6.3 Cooperating Agencies	6-2
6.4 Public Involvement.....	6-4
6.4.1 Scoping Process.....	6-5
6.4.2 Future Public Involvement.....	6-6
6.5 List of Preparers.....	6-6
7. REFERENCES.....	7-1
8. ACRONYMS AND GLOSSARY	8-1
8.1 Acronyms.....	8-1
8.2 Glossary	8-4

ES-1 Surface Land Management of PPH and PGH in the Planning Area	ES-3
ES-2 BLM RMPs in the Planning Area.....	ES-3
ES-3 Surface Land Management of PPH and PGH by RMP in the Planning Area.....	ES-4
ES-4 Range-Wide Planning Issue Categories and Statements	ES-8
I-1 Surface Land Management of PPH and PGH in the Planning Area	I-7
I-2 BLM RMPs in the Planning Area.....	I-9
I-3 Surface Land Management of PPH and PGH by RMP in the Planning Area.....	I-9
I-4 BLM-Administered Mineral Split-Estate by RMP in the Planning Area	I-10
I-5 Range-Wide Planning Issue Categories and Statements	I-17
2-1 Threats to Greater Sage-Grouse and Their Habitat and Applicable BLM RMP Programs for Addressing Threats.....	2-7
2-2 Desired Mix of Sagebrush Classes by Sagebrush Type for Alternative D	2-18
2-3 Focal Areas in Planning Area.....	2-19
2-4 Goals and Objectives for Alternatives.....	2-41
2-5 Summary Comparison of Resource Allocations in Greater Sage-Grouse Habitats	2-51
2-6 Detailed Comparison of Action Alternatives by BLM Resource Program	2-58
2-7 Summary of Environmental Consequences.....	2-109
2-8 Comparison of Alleviated Threats to Greater Sage-Grouse by Alternative.....	2-138
3-1 Acres of PPH and PGH on BLM-Administered and Non-BLM Lands in Oregon	3-7
3-2 Acres of GRSG Population Areas on BLM-Administered Lands in Oregon	3-9
3-3 ODFW Estimated Percent Sagebrush Cover by District ¹	3-15
3-4 Acres of Vegetation Communities within PPH and PGH on BLM-Administered Lands within the Planning Area	3-24
3-5 Greater Sage-Grouse Habitat Acres of Occurrences for Federally Listed and State-Listed Noxious Weeds (sorted by PGH/PPH acres)	3-27

3-6	Greater Sage-Grouse Habitat Acres of Occurrences for Other Invasive Plant Species ¹	3-29
3-7	Acres of Occurrences of Invasive Plant Species within 3 Miles of Occupied and Unoccupied Leks by BLM District.....	3-29
3-8	Acres of Moderate to High Cheatgrass Potential within Greater Sage-Grouse Habitat in the Planning Area	3-32
3-9	Acres of Sagebrush and Juniper Interface within Greater Sage-Grouse Habitat in the Planning Area.....	3-34
3-10	Summary of Greater Sage-Grouse Habitat Containing Fish-Bearing Stream Miles on BLM-Administered Lands.....	3-46
3-11	Summary of Greater Sage-Grouse Habitat Containing Perennial Lake, Pond, and Reservoir Fish Habitat on BLM-Administered Lands.....	3-46
3-12	Fish Species or Subspecies on BLM-Administered Lands within the Planning Area.....	3-47
3-13	Bird Conservation Region 9, Avian Species List (Great Basin).....	3-57
3-14	Bird Conservation Region 9 (Great Basin, US portion only).....	3-57
3-15	Special Status Species Documented or Suspected to Exist in on BLM-Administered Lands within the Planning Area	3-59
3-16	Native Landbird Species with Significantly Declining Population Trends in the Columbia Plateau Breeding Bird Survey Physiographic Region	3-63
3-17	Acres of Wild Horse and Burro Herd Management Areas within Sage-Grouse Habitat in the Planning Area	3-66
3-18	Oregon Subregion – HMAs.....	3-67
3-19	Acres of Wildfire within Sage-Grouse Habitat in the Planning Area	3-70
3-20	Acres with High Probability for Wildfire within Sage-Grouse Habitat in the Planning Area	3-70
3-21	Fire Regime Condition Classes	3-72
3-22	Fire Regime Groups and Descriptions	3-74
3-23	Average Acres Treated Annually (2005-2012)	3-76
3-24	Summary of Allotments and AUMs in Sage-Grouse Habitat by District.....	3-78
3-25	Acres of Grazing Allotments within Sage-Grouse Habitat in the Planning Area	3-78
3-26	Land Health Standard Assessments for Allotments within Sage-Grouse Habitat by District	3-79
3-27	Allotments Not Meeting Wildlife Land Health Standards within Sage-Grouse Habitat with Grazing as the Causal Factor	3-79
3-28	Miles of Fences within Sage-Grouse Habitat in the Planning Area	3-80
3-29	Average Annual Visitor Days from 2002 to 2012.....	3-84
3-30	Developed Recreation Sites	3-84
3-31	Roads within Greater Sage-Grouse Habitat	3-87
3-32	Railroads within Greater Sage-Grouse Habitat.....	3-87
3-33	OHV Designations.....	3-89
3-34	Acres of Greater Sage-Grouse Habitat within City Limits in the Planning Area	3-93
3-35	Land Status Zones	3-94
3-36	Active ROW Authorizations	3-96
3-37	ROW Avoidance and Exclusion Areas	3-97
3-38	Utility Corridors within Greater Sage-Grouse Habitat in the Planning Area.....	3-97
3-39	Number of Communication Towers within Greater Sage-Grouse Habitat in the Planning Area	3-98
3-40	Miles of Transmission Lines within Greater Sage-Grouse Habitat in the Planning Area	3-99
3-41	Acres of Wind Energy Rights-of-Way within Greater Sage-Grouse Habitat in the Planning Area	3-99
3-42	Federal Oil and Gas Acreage Leased by Year.....	3-103

3-43	Fluid Mineral Leasing in the Decision Area	3-104
3-44	Locatable Minerals in the Decision Area	3-109
3-45	Locatable Minerals Claims, Plans of Operations, and Notices	3-111
3-46	Mineral Materials in the Decision Area	3-114
3-47	Special Designations ¹ within Greater Sage-Grouse Habitat in the Planning Area	3-116
3-48	Wilderness Areas in the Planning Area with PPH or PGH	3-117
3-49	Wilderness Study Areas in the Planning Area with PPH or PGH	3-120
3-50	ACECs in the Planning Area with PGH or PPH	3-124
3-51	Wild and Scenic Rivers in the Planning Area with PPH or PGH	3-127
3-52	Acres of Cropland within Sage-Grouse Habitat in the Planning Area	3-132
3-53	Lands with Wilderness Characteristics	3-142
3-54	BLM Plans, Management Units and Counties within the Socioeconomic Study Area	3-147
3-55	Population Growth, 1990-2010	3-148
3-56	Demographic Characteristics, Share in Total Population (percent), 2010	3-149
3-57	Employment by Sector within the Socioeconomic Study Area	3-155
3-58	Labor Income by Sector and Non-Labor Income within the Socioeconomic Study Area (2010 dollars)	3-156
3-59	Unemployment, 2007 - 2012	3-160
3-60	Visits by Resource Area, FY 2011	3-161
3-61	Visitor Spending from Recreation on BLM-Administered Land in Socioeconomic Study Area, FY 2011	3-162
3-62	Farm Earnings Detail, 2010 (2010 dollars)	3-163
3-63	Active and Billed Animal Unit Months on BLM-Administered Land	3-164
3-64	Payments in Lieu of Taxes (PILT) Received in the Socioeconomic Study Area by County, 2010	3-171
3-65	BLM Employment and Related Expenditures in the Socioeconomic Study Area, FY2011	3-171
3-66	Population Race and Ethnicity, 2010	3-173
3-67	Low-Income Populations, 2006-2010 Average	3-174
4-1	Resources and Resource Uses Not Carried Forward for Detailed Analysis	4-2
4-2	Acres of Designated Sage-Grouse Habitat Types by Alternative	4-7
4-3	Projected Percentage of Sage-Grouse Habitat in Preferred Condition in the Oregon Sub-region After 10 Years	4-22
4-4	Projected Percentage of Sage-Grouse Habitat in Preferred Condition in the Oregon Sub-region After 50 Years	4-22
4-5	Greater Sage-Grouse Habitat Open and Closed to Livestock Grazing by Alternative	4-23
4-6	Greater Sage-Grouse Habitat Open and Closed to Fluid Mineral Leasing	4-25
4-7	Percent of Populations Affected by Closure to Fluid Mineral Leasing – Alternative A	4-25
4-8	Greater Sage-Grouse Habitat Open and Closed to Nonenergy Leasable Mineral Leasing	4-26
4-9	Greater Sage-Grouse Habitat Open and Closed to Salable Minerals	4-27
4-10	Percent of Populations Affected By Closure to Fluid Mineral Leasing – Alternative A	4-27
4-11	Percent of Populations Affected By Closure to Salable Minerals – Alternative A	4-28
4-12	Greater Sage-Grouse Habitat Recommended for Withdrawal from Locatable Mineral Entry	4-28
4-13	Percent of Populations Currently Affected By Withdrawal from Locatable Mineral Entry – Alternative A	4-29
4-14	Greater Sage-Grouse Within ROW Avoidance or Exclusion Areas	4-30
4-15	Percent of GRSG Populations Affected by ROW Exclusion or Avoidance Areas – Alternative A	4-30

4-16	BLM-Administered Acres of PPMA and PGMA and Percent of GRSG Affected by Travel Management Designations under Alternative A.....	4-31
4-17	Percent of GRSG Populations Affected by Closures to Fluid Minerals - Alternative B	4-36
4-18	Percent of the Populations Affected by Closures to Salable Minerals - Alternative B	4-36
4-19	Percent of the Populations Affected by Recommended Withdrawals from Locatable Mineral Entry - Alternative B.....	4-37
4-20	Percent of GRSG Populations Affected by ROW Exclusion or Avoidance Areas – Alternative B	4-38
4-21	BLM-Administered Acres of PPMA and PGMA and Percent of Oregon Populations within Travel Management Designations under Alternative B	4-39
4-22	Percent of the Populations Affected by Unavailability to Land Disposal (Zone I) - Alternative B	4-40
4-23	Percent of GRSG Populations Affected by Closures to Fluid Minerals - Alternative C.....	4-43
4-24	Percent of the Populations Affected by Closures to Salable Minerals - Alternative C.....	4-44
4-25	Percent of the Populations Affected by Recommended Withdrawals from Locatable Mineral Entry - Alternative C	4-44
4-26	Percent of GRSG Populations Affected by ROW Exclusion or Avoidance Areas under Alternative C	4-45
4-27	BLM-Administered Acres of PPMA and PGMA and Percent of Oregon Populations within Travel Management Designations under Alternative C.....	4-46
4-28	Percent of the Populations Affected by Unavailability to Land Disposals - Alternative C.....	4-47
4-29	Percent of GRSG Populations Affected by Closures to Fluid Minerals - Alternative D.....	4-50
4-30	Percent of the Populations Affected by Closures to Salable Minerals - Alternative D	4-51
4-31	Percent of GRSG Populations Affected by ROW Exclusion or Avoidance Areas – Alternative D	4-52
4-32	Percent of the Populations Affected by Unavailability to Land Disposals - Alternative D.....	4-53
4-33	Percent of GRSG Populations Affected by Closures to Fluid Minerals - Alternative E.....	4-56
4-34	Percent of the Populations Affected by Closures to Salable Minerals - Alternative E.....	4-57
4-35	Percent of the Populations Affected by Recommended Withdrawals from Locatable Mineral Entry - Alternative E	4-58
4-36	Percent of GRSG Populations Affected by ROW Exclusion or Avoidance Areas – Alternative E	4-58
4-37	BLM-Administered Acres of PPMA and PGMA and Percent of Oregon Populations within Travel Management Designations under Alternative E.....	4-59
4-38	Percent of the Populations Affected by Unavailability to Land Disposals - Alternative E.....	4-59
4-39	GRSG Habitat ¹ Open and Closed to Livestock Grazing.....	4-79
4-40	GRSG Habitat ¹ Open, Closed, or Limited to OHV Use.....	4-80
4-41	GRSG Habitat ¹ Managed as ROW Avoidance and Exclusion	4-80
4-42	Leasable Minerals Management within GRSG Habitat by Alternative ¹	4-81
4-43	Locatable Mineral Withdrawals in GRSG Habitat ¹ by Alternative	4-82
4-44	Salable Minerals Management within GRSG Habitat ¹ by Alternative	4-83
4-45	Fluid Mineral Leasing Categories in the Decision Area, Alternative A.....	4-189
4-46	Fluid Mineral Leasing Categories in the Decision Area, Alternatives B and E	4-192
4-47	Fluid Mineral Leasing Categories in the Decision Area, Alternatives C and F	4-193
4-48	Fluid Mineral Leasing Categories in the Decision Area, Alternative D	4-195
4-49	Quantitative Impacts on Locatable Minerals	4-201
4-50	Annual Impact of Management Actions Affecting Livestock AUMs on Output, Employment, and Earnings, Compared to Alternative A	4-266
4-51	Reasonable Foreseeable Development Scenario for Geothermal Energy on BLM-Administered Lands.....	4-271

4-52	Average Annual Impact on Wind Energy Development on Output, Employment, and Earnings by Alternative, Construction ^{1,3}	4-273
4-53	Average Annual Impact on Wind Energy Development on Output, Employment, and Earnings by Alternative, Operations ^{1,3}	4-273
5-1	Reasonably Foreseeable Future Actions	5-4
5-2	Projected Employment by Alternative for Primary Socioeconomic Study Area.....	5-67
5-3	Projected Earnings by Alternative for Primary Socioeconomic Study Area.....	5-69
6-1	Cooperating Agencies	6-3
6-2	List of Preparers.....	6-6

	FIGURES	Page
ES-1	Oregon Sub-Region Greater-Sage Grouse Planning Area.....	ES-5

I-3	Nine-step BLM RMP Planning Process	I-12
2-1	Greater Sage-Grouse Habitat in the Planning Area	2-6
2-2	Focal Areas in the Planning Area	2-20
3-1	Geographic Sub-Division of Five Greater Sage-Grouse Populations in Oregon and Shared Populations Among Adjacent States	3-4
3-2	Bureau of Land Management Districts in the Planning Area.....	3-8
3-3	Sage-grouse population trends, 1980-2012, Oregon	3-17
3-4	Ecoregions in the Planning Area.....	3-20
3-5	Vegetation in the Planning Area.....	3-22
3-6	Herd Management Areas in the Planning Area	3-65
3-7	Proportion of Planning Area in each Fire Regime.....	3-74
3-8	Geothermal Energy Potential.....	3-106
3-9	Special Designations in the Planning Area	3-118

APPENDICES

Chapter 2 Appendices

- A Chapter 2 Figures
- B Greater Sage-Grouse Management in Oregon Sub-Region Resource Management Plans
- C Required Design Features for Alternatives B, C, D, and F
- D Best Management Practices for Alternatives B, C, D, and F
- E Regional Mitigation Strategy
- F Surface Stipulations Applicable to Fluid Mineral Leasing
- G Greater Sage-Grouse Monitoring Framework
- H GRSG Wildland Fire and Invasive Species Assessment
- I Greater Sage-Grouse Habitat Density in Areas of Critical Environmental Concern
- J Areas of Critical Environmental Concern Evaluation for Greater Sage-Grouse

Chapter 3 Appendices

- K Special Status Species
- L Standards for Rangeland Health and Guidelines for Livestock Grazing

- M BLM Grazing Regulations
- N Rangeland Health Standards by Grazing Allotment
- O Mineral Resources from Baseline Environmental Report
- P Detailed Employment and Earnings Data
- Q Non-Market Valuation Methods

Chapter 4 Appendices

- R Economic Impact Analysis Methodology
